

Tidewater Fiber Network

Expansion Plan

Listed below are the roads, plus the range of addresses on each road, that are expected to be reached by the optical fiber network expansion that began in April of 2024 under the current grant to Tidewater.

There may be small gaps in some of the address ranges, usually for very local reasons. The best way to determine if fiber is available at a specific address is to go to the Tidewater website, www.tidewater.net, then click on the pink box, and fill out the form. Tidewater will respond quickly.
