2022	727	210	2022	36	12
2023	613	191	2023	29	7
2024	216	216	2024	16	16

It has been a steady month for us with calls. When I pulled the run numbers, I was surprised to see that the year-to-date total is higher than past years. It will be interesting to see what this year brings. Also looking at the numbers are missed, or second calls is also up. Now that we have our new to us Rescue 2 and it is in service, hopefully we can keep the need for other agencies down. The current plan is that when the primary truck is out on a call and we have another, dispatch will tone us and mutual aid and if we are able to handle the call, we will then cancel the mutual aid. If not, there will be no further delay as mutual aid will already be started. As always, I invite anyone to come down and take a look at the new rescue and all the other equipment that we have.
