Well, another month has come and gone for us in this beautiful state that we live. Fall is on its way as the summer starts comes to an end. We here at Union Rescue are anything but slow, as I have said in the past and continue to say we are busy, we are consistently busy for the month of August we had 75 calls for service. Some of those are for the Fair. As you can see that I do not have the average enroute to arrive on scene time and that is because of those stand by runs at the fair so I did not want to report an inaccurate time. We continue to do our best, but we find that increasingly we are missing more calls as we are already handling call and unavailable to take the second. During fair week we had a second rescue as a loner, one night we had to separate car accidents at different ends of our coverage area and were able to do so as we had a second rescue in the station ready to go.
