The rescue has been steady over the last month, we had only two calls that could have gone to mutual aid, but thanks to the dedicated people both of those call was able to be handled by us and did not need any help. When looking at numbers we are handling more of the second calls but also having more calls over all and are still need the help of our mutual aid partners. I can honestly say that we have consistently been busy, and I don't think that there will be a downward trend anytime soon. We are coming to the end of summers and kids are back in school. I would like to invite any member to come to our next ambulance advisory board meeting, we are looking to get new people involved and bring ideas to the service. Our next meeting is on 10/21 at 6:30 pm in the Union Town Office in the meeting room.
