Summer time is here and people are out and enjoying their summer. As you can see, we once again have been busy, we had 86 calls for service and only gave away 2 to mutual aid. You can also see that we have been help our neighbors by covering EMS calls in their towns and this is becoming more so as staffing is becoming difficult. We also have applied and received a grant for ICSD or Informed Community Self Determination, which will have a third party look at the service and see where we can improve.
