2020	484	285	2020	12	9
2021	598	316	2021	20	12
2022	727	392	2022	36	19
2023	613	354	2023	29	13
2024	321	408	2024	21	21

Another busy month for us with the rescue, this is partly due to the fact of the fair and then the 250th celebration of Union. Not that these events cause a big increase in call volume but that we do a lot of standby coverage for these events as it can become difficult to get emergency vehicles around with increase amount of people. When want to make sure that every person that lives, works and visit our communities will not have a delay in care. This also plays into the effect on our response times. Another factor of response times is that I was not able to separate from on rescue to the another as we had both rescues going in for maintenance with the primary one being down for four days. Because of this we missed a couple of calls this month and had to rely on mutual aid to help us. Also, for the month of August you may see the front of the station is being torn up. This is to fix that area and the drainage as it was much needed. We are still in the station but just have the rescues coming out the back bay door. As always, I hope everyone is have a safe and fun summer and please remember that our doors are always open to the public and we love it when people stop by to say hello.
