I hope everyone had a safe and Happy Thanksgiving. As you can see as this year comes to an end that we have been busy. Maybe not as much as last year but still busy. This is where I expected to be with call volume after one of the care facilities in our coverage area closed. They would normally generate about 100 or so calls a year. Thanks to the Ambulance Advisory Board and the Union Board of selectmen, we have found a second rescue that is used but still in really good shape for us. We hope to have this rescue in service by January. This will allow for us to remain in service when our prior rescue is being serviced or fixed if something should break. This will also give us the chance to handle second calls if there are enough personnel around. I hope all that they have an enjoyable and safe holiday season.
