As another month has come and passed and like I have said before it has been another busy month for us. We again are finding ourselves assisting other communities that we normal would service. We also continue to be asked to do transfers from one facility to another as hospitals are not able to move patients to places that they need to go. We have received calls from Pen Bay, Maine General in Augusta, Mid-Coast in Brunswick, Waldo County General in Belfast and Mile Memorial in Damariscotta. They are begging us to help but had to say no as we only have the one rescue. We have put the fly car into service and hope it will help relieve some of the stress of second calls in our area, and for the dependency on outside agencies to help as they are struggling themselves.
